

CONTACTING YOUR ADVISER

Advisees can contact their adviser in numerous ways but to minimize the problems of delayed responses, lost emails, and constantly changing schedules, we recommend that you make an appointment by contacting Melissa Stolt in the Student Services Office in 1126 Agronomy Hall. You may call her, stop in her office, or email her. All advisors in the department are encouraged and expected to keep a calendar that is accessible to support staff in Student Services for scheduling appointments. Advisers are asked to keep their calendars current and block out times when unavailable for advising. Going through Melissa is the quickest and most efficient way to make an appointment with your adviser.

For making appointments to see your adviser, contact:

Melissa Stolt
Student Services Office
1126 Agronomy Hall
