Cold Storage Organization Deadlines

A note was sent last week by building and greenhouse manager Aaron Brand regarding cold storage use in the Agronomy building. Full details are in the email, but listed below are the deadlines for organizing and labeling your items.

Items in the room 2527 walk-in refrigerator and freezer need to be organized and labeled by July 31.

Items in the seed cooler (in the basement) need to be labeled by September 30.

Any items not properly labeled by those dates will be discarded as time allows. See Aaron Brand for more information.
